CRIMESTOPPERS

We know that there are concerns about drug dealing in the area. Residents have observed this going on under their noses but are reluctant to report it because of potential repercussions. You don't have to be concerned about reporting crime. **Crimestoppers** was set up to protect the innocent. **Crimestoppers** have featured in many episodes of BBC's Crime Watch where their reports have provided essential clues that have busted major crimes. We would like to encourage anyone who sees drug dealing and can provide a car number plate or identifying information on dealers to report what they know to **Crimestoppers**. Drug dealers perpetuate crime because of their associated criminal behaviour. They involve children in 'county lines' and exist through intimidation and violence. If you see something worth further attention contact Crimestoppers by ringing 0800 555 111 or with an online form at <https://crimestoppers-uk.org/give-information/forms/give-information-anonymously>

They guarantee anonymity and some reports can lead to handsome rewards.

Incident in Delafield Road

You may be aware of a stabbing that took place in Delafield Road on 4/10/2121. Please be reassured that this was most likely a targeted offence and we are safe to go about our business without fear. The young victim is recovering in hospital and the police are actively investigating. We wish him a speedy recovery. This attack comes at a time when crime overall in Charlton is going down. Thanks to our wonderful Safer Neighbourhood Policing Team and their colleagues Charlton remains, compared to similar geographical demographics, a relatively low crime area.
